SUBJECT: MEDIA/MUNICIPAL GOVERNMENTS/SENIOR CITIZENS**School District Media**

The Principal of each building is responsible for the preparation of news releases concerning the activities within that building, and for reviewing them with the Superintendent prior to release. Copies of all final news releases will be sent to the Superintendent's Office.

In addition, a periodic newsletter may be prepared and sent to each resident of the School District or posted on the District's website. Included in the newsletter will be information regarding school activities, a monthly calendar and other items of interest to the community. The Board accepts the funding obligation for the necessary staff and production costs.

As the official spokesperson, the Superintendent or his/her designee shall issue all news releases concerning the District. All statements of the Board will be released through the Office of the Superintendent and/or the President of the Board.

Municipal Governments

It is the policy of the Board to establish and maintain a positive working relationship with the governing bodies of the municipality. The Board shall also cooperate with municipal, county and state agencies whose work affects the welfare of the children of the District, including but not limited to the County Social Service Department, the Board of Health, the Recreation Department, the Public Library, and all community emergency service agencies.

Senior Citizens

The Board of Education will consider school related programs for senior citizens in accordance with Education Law and/or Regulations of the Commissioner of Education. Such programs include special use of school buildings or school lunches and partial tax exemptions.

District residents, age sixty-two (62) or over, may be admitted to all school activities free of charge upon presentation of a Golden Age Pass obtainable without charge at the District Office.

SUBJECT: FLAG DISPLAY

In keeping with State Education Law and Executive Law, the Board of Education accepts its duty to display the United States flag upon or near each public school building during school hours, weather permitting, and such other times as the statutes may require or the Board may direct.

When ordered by the President, Governor, or local official, to commemorate a tragic event or the death of an outstanding individual, the flag shall be flown at half-staff. The Superintendent's approval shall be required for the flag to be flown at half-staff upon any other occasion. Regulations for seeking such approval shall be established in the Administrative Manual of the District.

The flag shall be displayed in every assembly room (i.e., the auditorium) including the room where the Board of Education meetings are conducted, as well as displayed in all rooms used for instruction.

SUBJECT: SCHOOL VOLUNTEERS AND MENTORS

The Board recognizes the need to develop a school volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer and mentor programs will be to:

- a) Assist employees in providing more individualization and enrichment of instruction;
- b) Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;
- c) Strengthen school/community relations through positive participation;
- d) Provide students, subject to written parental permission, with one on one interaction with community members.

Volunteers are persons who are willing to donate their time and energies to assist administrators, teachers, and other school personnel in implementing various phases of school programs. Mentors are community individuals willing to donate their time and talents to interacting with students and providing them with guidance and advice about how to best succeed in school, college, and beyond.

Volunteers and mentors shall serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program and in accordance with Education Law Section 3023 and Section 3028.

An application shall be filled out by each prospective volunteer and forwarded to the appropriate administrator for evaluation. The appropriate administrator will forward his/her recommendations concerning selection, placement and replacement of volunteers or mentors to the Superintendent or designee for final approval. Following approval, volunteers and mentors shall be placed on the list of approved volunteers. However, the Superintendent retains the right to approve or reject any volunteer applications submitted for consideration and the right to terminate the volunteer's service at any time.

The District may require volunteer and mentor applicants to consent to criminal and/or background checks. Volunteers and mentors that have not been cleared by a criminal and/or background check must always be under the direct visual supervision of School District personnel when working with students. Individuals previously convicted of a crime or as a sex offender will not be considered as school volunteers or mentors.

Volunteers and mentors are required to comply with all applicable laws, regulations, policies and procedures. Administrative regulations will be developed to implement the terms of this policy.

SUBJECT: CHARTER SCHOOLS

A charter school is a public school financed through public local, state and federal funds that is independent of local school boards. Although the New York Charter Schools Act of 1998 designates certain "charter entities," only the local school district may approve the conversion of an *existing public school* to a charter school. Prior to any such conversion to a charter school, the parents/guardians of the majority of the students then enrolled in the public school must have voted in favor of the conversion.

For charter schools approved by the Board of Trustees of the State University of New York or the Board of Regents, the local school district within which the charter school is located has the right to visit, examine, and inspect the charter school for compliance with all applicable laws, regulations, and charter provisions.

Charter schools may be located in part of an existing public school building, a private work site, a public building, or any other suitable location. At the request of the charter school or prospective applicant, the School District shall make available a list of vacant and unused school buildings and vacant and unused portions of school buildings, including private school buildings, within the School District which may be suitable for the operation of a charter school.

The School District's high school(s) may accept academic credit from students who transfer from the charter school as authorized and/or permitted in accordance with law, Commissioner's Regulations, and local District standards. Either the charter school or the local School Board may issue a high school diploma upon students' graduation from a charter school depending on the charter school's relationship with the School Board.

For the purposes of the Textbook Loan Program defined in Education Law Section 701, the Library Materials Loan Program defined in Education Law Section 711, and the Computer Software Loan Program defined in Education Law Section 751, and Health and Welfare Services defined in Education Law Section 912, students attending a charter school have the same access to textbooks, software and library materials loaned by the School District as if enrolled in a nonpublic school. Within available School District inventory and budgetary appropriations for purchase of such materials, the School District is required to provide such materials on an equitable basis to all public school students and to all nonpublic school and charter school students who are residents of the District (Textbook Loan Program) or who attend a nonpublic or charter school in the School District (Software and Library Materials Loan Programs). The base year enrollment of students in the charter school may be claimed by the School District for the purposes of Textbook, Software and Library Materials Aids, in the same manner as nonpublic school enrollments are claimed.

For the purpose of transportation, charter schools are considered nonpublic schools, which means that students attending charter schools who reside within a 15 mile radius of the charter school (or a greater radius if the voters of the school district of residence have approved nonpublic transportation for more than fifteen [15] miles) will receive transportation from their school district of residence on the same basis as nonpublic school students; that is, subject to the applicable

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)

minimum mileage limits for transportation in the school district of residence, and the requirement of the timely filing of the request for transportation pursuant to Education Law Section 3635(2).

A student cannot be dually enrolled in the charter school and District schools. However, the school district of residence of students attending a charter school may, but is not required to, allow such students to participate in athletic and extracurricular activities.

Special Education programs and services shall be provided to students with disabilities attending a charter school in accordance with the individualized education program recommended by the Committee or Subcommittee of Special Education of the student's school district of residence. The charter school may arrange to have such services provided by the school district of residence or by the charter school directly or by contract with another provider. Where the district of residence provides the special education programs or services, they will be provided in the same manner as provided to students in other public schools in the District. This includes the provision of supplementary and related services on site to the same extent the District's policy and practices provide such services on the site of other public schools.

All employees of a public school converted to a charter school are included within the negotiating unit for the local school district, but the collective bargaining agreement of that negotiating unit may be modified by a majority vote of the members who work at the charter school, with the approval of the Board of Trustees of the charter school.

Instructional employees of a charter school which has not been converted from an existing public school and which has more than 250 students during the first year of instruction will be represented in a separate negotiating unit at the charter school by the same employee organization representing similar employees in the local school district. Employees may be included in the Teachers' Retirement System and other retirement systems open to employees of the School District. Financial contributions for such benefits are the responsibility of the charter school and the charter school's employees.

Teachers employed by the School District may apply for a leave of absence for purposes of teaching at a charter school. Approval for such leave of absence for a period of two years or less shall not be unreasonably withheld. If such approval is granted to a teacher by the District, the teacher may return to teach in the School District during such period of leave without the loss of any right of certification, retirement, seniority, salary status, or any other benefit provided by law or by collective bargaining agreement. If an appropriate position is unavailable, the teacher's name shall be placed on a preferred eligible list of candidates for appointment to a vacancy that may thereafter occur in an office or position similar to the one such teacher filled in the District immediately prior to the leave of service.

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)**Charter School Finances**

The enrollment of students attending charter schools shall be included in the enrollment, attendance and, if applicable, count of students with disabilities of the school district in which the charter school student resides. The charter school shall report all such data to the school districts of residence in a timely manner for reporting to the State Education Department. The school district of residence shall pay directly to the charter school for each student enrolled in the charter school the basic tuition as determined by the Commissioner of Education as set forth in Education Law Section 3602(1)(f). The New York Charter Schools Act requires that the school district of residence forward such payments to the charter school in six substantially equal installments each year beginning on the first business day of the months of July, September, November, January, March, and May.

Approved operating expenses include the essential operating cost of the School District. Excluded are costs for transportation, debt services, construction, tuition payments to other school districts, some BOCES payments, cafeteria or school lunch expenditures, balances and transfers, rental income from leased property, and certain other limited categories unless otherwise authorized pursuant to the federal grant program, State Charter School Facilities Incentive Program.

Charter school financing in the first year of operation shall be based on the number of students projected to be served by the charter school and the approved operating expenses of the district *of residence* of those students. Adjustments will be made in each subsequent year based upon the final report by the charter school of actual enrollment.

Federal and State aid attributable to students with disabilities are required to be paid to a charter school by the school district of residence for those students attending such charter school in proportion to the services the charter school provides such students directly or indirectly. Payment of federal aid attributable to a student with a disability attending a charter school must be made according to the requirements in 20 United States Code (USC) Sections 76.85-76.799 and Section 300.209 of Title 34 of the Code of Federal Regulations (CFR). Failure by the School District to make such required payments will result in the State Comptroller deducting the required amounts from State funds due to the District and paying them to the charter school.

Neither the School District, the charter entity, nor the State is liable for the debts of the charter school.

Notice and Hearing Requirements

The New York State Board of Regents is required to provide the School District information on the charter school process. If a charter school is proposed, the charter entity and the Board of Regents shall notify the school district in which the charter school is located and public and nonpublic schools in the same geographic area as the proposed charter school at each significant stage of the chartering process.

(Continued)

SUBJECT: CHARTER SCHOOLS (Cont'd.)

Such notification shall be provided by the charter entity within 30 days of its receipt of an application for formation of a new charter school or for renewal of an existing charter school and at least forty-five (45) days prior to initial approval of the charter application by the charter entity.

Before a charter is issued, revised or renewed, the school district in which the charter school is located shall hold a public hearing to solicit comments from the community potentially impacted by the proposed charter school. When a revision involves the relocation of a charter school to a different school district, the proposed new school district shall also hold a hearing. The school district shall, at the time of its dissemination, provide the State Education Department with a copy of the public hearing notice.

No later than the business day next following the hearing, the school district shall provide written confirmation to both the charter entity and the State Education Department of the date and time the hearing was held. Copies of all written records or comments generated from the hearing shall be submitted to the charter entity and the State Education Department within 15 days of the hearing.

The school district shall also be given the opportunity to comment on the proposed charter to the charter entity. The charter entity shall consider any comments raised and submit them to the Board of Regents with the application for issuance, revision or renewal of a charter.

In the event the school district fails to conduct a public hearing, the Board of Regents shall conduct a public hearing to solicit comments from the community in connection with the issuance, revision or renewal of a charter.

SUBJECT: VISITORS TO THE SCHOOL

All visitors shall be authorized by the greeter for building entry. Visitations to classrooms for any purpose require permission in advance from the Building Principal in order to allow teachers the opportunity to arrange their schedules to accommodate such requests. Any visitor who violates the regulations and procedures established by the administration may be charged with a third degree crime of criminal trespass.

Visitors to the schools will be subject to applicable District policies and the applicable *Code of Conduct* on School Property.

When individual Board members visit the schools, they must abide by the regulations and procedures developed by the administration regarding school visits.

SUBJECT: USE OF SERVICE ANIMALS

The Board of Education allows the use of service animals on school grounds by individuals with disabilities, subject to restrictions permitted by federal and/or state law, and procedures established by the Superintendent of Schools or his/her designee.

For the purpose of this policy, a service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, will not be considered service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

Where reasonable, the Board of Education also allows the use of miniature horses on school grounds by individuals with disabilities. Such use will only be permitted where a miniature horse has been individually trained to do work or perform tasks to benefit an individual with a disability. The use of miniature horses by individuals with disabilities will be subject to the considerations and restrictions permitted by federal and/or state law.

The Superintendent of Schools or his/her designee may create regulations and/or building-specific rules regarding the use of service animals and miniature horses on school grounds by individuals with disabilities.

SUBJECT: PUBLIC COMPLAINTS

Complaints by citizens regarding any facet of the school operation often can be handled more satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the Building Principal and/or his/her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

If the complaint and related concerns are not resolved at this level to the satisfaction of the complainant, the complaint may be carried to the Superintendent and/or one of his/her assistants. Unresolved complaints at the building level must be reported to the Superintendent by the Building Principal. The Superintendent may require the statement of the complainant in writing.

If the written complaint and related concerns are not resolved at the Superintendent level to the satisfaction of the complainant, the written complaint must be made to the Board of Education within 30 days of the Superintendent's official act or decision. Appeals are then made to the Commissioner of Education pursuant to Education Law Section 310 and Commissioner's Regulations.

SUBJECT: PARENT-TEACHER ASSOCIATION

The Board of Education recognizes that the goal of the Binghamton Parent-Teacher Association (PTA Council) is to develop a united effort between educators and the general public to secure for every child the highest achievement in physical, academic and social education. Therefore, staff members and parents are encouraged to join the Parent-Teacher Association Council and to participate actively in its programs.

SUBJECT: SOLICITATION OF CHARITABLE DONATIONS**School Children**

Direct solicitation of charitable donations from children in the District schools on school property during regular school hours shall not be permitted. It will be a violation of District policy to ask District school children directly to contribute money or goods for the benefit of a charity during the hours in which District students are compelled to be on school premises.

However, this policy does not prevent the following types of fund raising activities:

- a) Fund raising activities which take place off school premises, or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives a consideration for his/her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity, shall not be prohibited as the purchaser will receive consideration - the concert or social event - for the funds expended;
- c) Indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods or money. However, collection of charitable contributions of food, clothing, other goods or funds from students in the classroom or homeroom is prohibited.

The Board of Education shall ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Regulations shall be developed by the administration to implement this policy.

School Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations shall be prohibited. The Superintendent of Schools shall have the authority to make exceptions to this policy in cases where such solicitation is considered to be in the District's best interest. The Board of Education shall be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent of Schools as a service to School District personnel.

SUBJECT: ADVERTISING IN THE SCHOOLS

Neither the facilities, the staff, nor the students of the School District shall be employed in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual or organization, except that:

- a) Schools may cooperate in furthering the work of any non-profit, community-wide, social service agency, provided that such cooperation does not restrict or impair the educational program of the schools or conflict with the Rules of the Board of Regents Section 19.6;
- b) The schools may use films or other educational materials bearing only simple mention of the producing firm;
- c) The Superintendent of Schools may, at his/her discretion, announce or authorize to be announced, any lecture or other community activity of particular educational merit;
- d) The schools may, upon approval of the Superintendent of Schools, cooperate with any agency in promoting activities in the general public interest that are non-partisan and non-controversial, and that promote the education and other best interests of the students.

No materials of a commercial nature shall be distributed through the children in attendance in the Binghamton City School District except as authorized by law or the Commissioner's Regulations.

SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS AND EQUIPMENT**School Facilities**

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities. This is meant to include those uses permitted by New York State law. Groups wishing to use the school facilities must secure written permission from the Board of Education or its designee and abide by the rules and regulations established for such use including restrictions on alcohol, tobacco and drug use.

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with such organizations.

Materials and Equipment

Except when used in connection with or rented under provisions of Education Law Section 414, school-owned materials or equipment may be used for school related purposes only. Private and/or personal use of school-owned materials and equipment is strictly prohibited.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports such inter-municipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

The District will develop administrative regulations to assure that use of school-owned materials and/or equipment complies with the letter and spirit of this policy, including a description of the respective rights and responsibilities of the School District/lender and borrower in relation to such materials and equipment.

To the extent the District receives funds made available through the United States Department of Education and maintains a "designated open forum" or a "limited public forum," as those terms are defined in federal regulation, it will not deny any group officially affiliated with the Boy Scouts of America or any other patriotic youth group listed in Title 36 of the United States Code equal access or a fair opportunity to meet. Likewise, the District will not discriminate against any such group that requests to conduct a meeting within the District's designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the group's membership or leadership criteria or oath of allegiance to God and country.

The District will provide groups officially affiliated with the Boy Scouts of America or other Title 36 patriotic youth group access to facilities and the ability to communicate using school-related means of communication on terms that are no less favorable than the most favorable terms provided to other outside youth or community groups.

SUBJECT: CODE OF CONDUCT ON SCHOOL PROPERTY

The District has developed and will amend, as appropriate, a written *Code of Conduct* for the Maintenance of Order on School Property, including school functions, which shall govern the conduct of students, teachers and other school personnel, as well as visitors and/or vendors. The Board of Education shall further provide for the enforcement of such *Code of Conduct*.

For purposes of this policy, and the implemented *Code of Conduct*, school property means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of the District's elementary or secondary schools, or in or on a school bus; and a school function shall mean a school-sponsored extracurricular event or activity regardless of where such event or activity takes place, including those that take place in another state.

The *District Code of Conduct* has been developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel and other school personnel.

The *Code of Conduct* shall include, at a minimum, the following:

- a) Provisions regarding conduct, dress and language deemed appropriate and acceptable on school property and at school functions, and conduct, dress and language deemed unacceptable and inappropriate on school property; provisions regarding acceptable civil and respectful treatment of teachers, school administrators, other school personnel, students and visitors on school property and at school functions; the appropriate range of disciplinary measures which may be imposed for violation of such Code; and the roles of teachers, administrators, other school personnel, the Board of Education and parents/persons in parental relation to the student;
- b) Provisions prohibiting discrimination, bullying and/or harassment against any student, by employees or students on school property, at a school function, or off school property when the actions create or would foreseeably create a risk of substantial disruption within the school environment or where it is foreseeable that the conduct might reach school property, that creates a hostile environment by conduct, with or without physical contact, threats, intimidation or abuse (verbal or non-verbal), of such a severe nature that:
 1. Has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional and/or physical well-being; or
 2. Reasonably causes or would reasonably be expected to cause a student to fear for his/her physical safety.

When the term "bullying" is used, even if not explicitly stated, such term includes cyberbullying, meaning such harassment or bullying that occurs through any form of electronic communication.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE SCHOOL DISTRICT

The Board of Education is committed to providing an environment free from discrimination and harassment. Accordingly, the Board prohibits discrimination and harassment on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability or other legally protected category. Such actions and occurrences are prohibited regardless of whether they take place on School District premises or at school-sponsored events, programs, or activities held at other locations.

Prohibited Conduct

Determinations as to whether conduct or occurrences constitute discrimination or harassment for the purposes of this Policy and its implementing Administrative Regulations will be made consistent with applicable law. Such determinations may depend upon a number of factors, including but not limited to: the particular conduct or occurrence at issue, the ages of the parties involved, the context in which the conduct or occurrence takes place, the relationship of the parties to one another, the category or characteristic that is alleged to have been the basis for the action or occurrence, and other considerations as are necessary and consistent with law. The characterizations and examples below are intended to serve as a general guide for individuals in determining whether to file a complaint of discrimination or harassment, and should not be construed to add or limit the rights individuals and entities possess as a matter of law.

Discrimination is, generally, the practice of conferring or denying privileges on the basis of membership in a legally protected class. Discriminatory actions may include, but are not limited to: refusing to promote or hire an individual on the basis of his/her membership in a protected class, denying an individual access to facilities or educational benefits on the basis of his/her membership in a protected class, or impermissibly instituting policies or practices that disproportionately and adversely impact members of a protected class.

Harassment generally consists of subjecting an individual, on the basis of his/her membership in a protected class, to conduct and/or communications that are sufficiently severe, pervasive, or persistent as to have the purpose or effect of: creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with an individual's work or a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting an individual's employment or educational opportunities.

Harassment can include unwelcome verbal, written, or physical conduct which offends, denigrates, or belittles an individual because of his/her membership in a protected class. Such conduct includes, but is not limited to: derogatory remarks, jokes, demeaning comments or behavior, slurs, mimicking, name calling, graffiti, innuendo, gestures, physical contact, stalking, threatening, bullying, extorting, or the display or circulation of written materials or pictures.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE SCHOOL DISTRICT (Cont'd.)**Civil Rights Compliance Officer**

The District will designate one or more individuals to serve as Civil Rights Compliance Officer. The Civil Rights Compliance Officer will be responsible for coordinating the District's efforts to comply with and carry out its responsibilities regarding non-discrimination and anti-harassment, including investigations of complaints alleging discrimination, harassment, or the failure of the District to comply with its obligations under relevant non-discrimination and anti-harassment laws and regulations (e.g., the Americans with Disabilities Act, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973).

Prior to the beginning of each school year, the District shall issue an appropriate public announcement or publication which advises students, parents/guardians, employees and other relevant individuals of the District's established grievance procedures for resolving complaints of discrimination and harassment. Included in such announcement or publication will be the name, address, telephone number, and email address of the Civil Rights Compliance Officer(s).

The Civil Rights Compliance Officer(s) for the District is the Director of Personnel.

Investigation of Complaints and Grievances

The School District will act to promptly, thoroughly, and equitably investigate all complaints, whether verbal or written, of discrimination and/or harassment based on any of the characteristics described above, and will promptly take appropriate action to protect individuals from further discrimination or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

It is essential that any individual who is aware of a possible occurrence of discrimination or harassment immediately report such occurrence. All reports will be directed or forwarded to the District's designated Civil Rights Compliance Officer(s). Such complaints are recommended to be in writing, although verbal complaints of discrimination or harassment will also be promptly investigated in accordance with applicable law and District policy and procedure. In the event the Civil Rights Compliance Officer is the alleged offender, the report will be directed to another Civil Rights Compliance Officer, if the District has designated another individual to serve in such a capacity, or to the Superintendent.

(Continued)

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE SCHOOL DISTRICT (Cont'd.)

To the extent possible, all complaints will be treated as confidential. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials.

If an investigation reveals that discrimination or harassment has occurred, the District will take immediate corrective action as warranted. Such action will be taken in accordance with applicable laws and regulations, as well as any and all relevant codes of conduct, District policies and administrative regulations, collective bargaining agreements, and/or third-party contracts.

Knowingly Makes False Accusations

Any employee or student who *knowingly* makes false accusations against another individual as to allegations of discrimination or harassment will face appropriate disciplinary action.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of discrimination and/or harassment. Complaints of retaliation may be directed to the Civil Rights Compliance Officer. In the event the Civil Rights Compliance Officer is the alleged offender, the report will be directed to another Civil Rights Compliance Officer, if the District has designated another individual to serve in such a capacity, or to the Superintendent.

Where appropriate, follow-up inquiries will be made to ensure that discrimination and/or harassment has not resumed and that those involved in the investigation have not suffered retaliation.

Additional Provisions

Regulations will be developed for reporting, investigating, and remedying allegations of discrimination and/or harassment.

In order to promote familiarity with issues pertaining to discrimination and harassment in the schools, and to help reduce incidents of prohibited conduct, the District will provide appropriate information and/or training to staff and students. As may be necessary, special training will be provided for individuals involved in the investigation of discrimination and/or harassment complaints.

A copy of this policy and its accompanying regulations will be available upon request and will be posted and/or published in appropriate locations and/or school publications.

It is the intention of the District that all such policies and/or regulations be read consistently to provide protection from unlawful discrimination and harassment. However, different treatment of any individual which has a legitimate, legal, and nondiscriminatory reason shall not be considered a violation of District policy.

SUBJECT: UNIFORM VIOLENT AND DISRUPTIVE INCIDENT REPORTING SYSTEM (VADIR)

In compliance with the Uniform Violent and Disruptive Incident Reporting System (VADIR), the District will record each violent or disruptive incident that occurs on school property or at a school function. School property shall mean in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus as defined in Vehicle and Traffic Law Section 142. In accordance with the manner prescribed, the District will submit an annual report of violent and disruptive incidents (on the *Summary of Violent and Disruptive Incidents* form) from the previous school year to the Commissioner of Education. Summary data will be used to determine the rate of violent and disruptive incidents in each school and to identify schools as persistently dangerous, as required by the No Child Left Behind Act.

The District will utilize the *Individual Violent and Disruptive Incident Report* form for the reporting of individual incidents by each building and/or program under its jurisdiction and for the tally count of incidents into the Summary Form. Copies of such incident reports will be retained for the time prescribed by the Commissioner in the applicable records retention schedule. These reports will be available for inspection by the State Education Department upon request.

All personally identifiable information included in a violent or disruptive incident report will be confidential and will not be disclosed to any person for any purpose other than that specified in Education Law Section 2802, except as otherwise authorized by law.

The District will include a summary of the District's annual violent or disruptive incident report in its School District Report Card in the format prescribed by the Commissioner.
