March 23, 2020

Looking for a way to engage your student using your television? Starting today, students pre-K through 12th grade now have access to programming through Public Broadcasting educational programming every day on air. Click [here](#) to see daily schedule. All students can “Learn at Home,” with additional resources at [PBSLearningMedia.org](https://www.pbslearningmedia.org).

Additionally, late Friday, the New York State Education department announced that state testing in ELA and Math for children in grades 3-8, which would have begun this week, would not be taking place this year. As information becomes available regarding other testing requirements, we will be sure to communicate them to you.

Please continue to frequently check your email, the district app, and our district website for updates and additional resources. Thank you for staying engaged!

*Educating, empowering and challenging all students to become
productive, global citizens through innovative approaches to learning.*
