**October 7, 2020**

On Tuesday night, the Binghamton City School District received notification that an employee at Binghamton High School tested positive for the COVID-19 virus.

Per New York State Health Department guidelines, any person who had potential exposure to the virus may be quarantined by the Broome County Health Department for up to 14 days. A contact tracing investigation is underway, and the health department will contact any individual if they were exposed. District officials proactively contacted individuals who are likely to be contacted by the health department and instructed them to stay home today. This case affects a limited number of individuals. The impacted area of the building is being disinfected.

We appreciate your patience and cooperation as we work to ensure the safety of everyone in our district.

***Educating, empowering and challenging all students to become productive, global citizens through innovative approaches to learning.***
