October 2, 2020

On Friday, Oct. 2, Binghamton City School District officials learned that an employee at MacArthur Elementary tested positive for the COVID-19 virus.

Per New York State Health Department guidelines, any person who had potential exposure to the virus may be quarantined by the Broome County Health Department for up to 14 days. A contact tracing investigation is underway, and the health department will contact any individual if they were exposed. This case is unrelated from the case earlier this week. The impacted area of the building is being disinfected.

We appreciate your patience and cooperation as we work to ensure the safety of everyone in our district.

Educating, empowering and challenging all students to become productive, global citizens through innovative approaches to learning.
