Improved Access to SchoolTool Information

Now there's an easier way to stay informed about your child's current school schedule, grades, assignments and more with the new SchoolTool Mobile App. The same information you were able to obtain via the parent portal website can now be accessed through the SchoolTool App. With the App, you can get in-the-moment push notifications about your child's assignments, grades and attendance.

The SchoolTool app is now available for Android and iOS devices and can be found in your device's app store. Once you have downloaded the app, you will want to log in using our district specific SchoolTool link <https://sms2.scrib.org/bcsd/> and your personal password. If you have forgotten your password or need to register for an account please complete the form [here](#) or contact ISD@binghamtonschoools.org.

To make the most of this app, users will want to allow push notifications to get alerts when assignment grades are posted or when a direct notification is sent. These can be enabled on the settings screen in the app. Note, you'll also want to be sure to have notifications enabled in your device specific settings.

This app is a powerful tool in the home-school connection! For more information, please visit the Mindex site <https://www.mindex.com/mobile-app-parent/st-mobile-app-copy/>.

productive, global citizens through innovative approaches to learning.
